Subject: EPA Region 2 DESA Laboratory Report: Dimock Residential  
Groundwater Site Project (MBAS)

I have attached the Partial Laboratory Report (in .pdf format) and the  
R2EDD .xls electronic files (in R2 EQUIS and SCRIBE formats) for the  
Dimock Residential Groundwater Site project accepted by the EPA Region 2  
Laboratory. The report includes MBAS analysis results for the samples  
collected on 1/23/12, 1/24/12 and 1/25/12. The Laboratory received the  
samples on 1/25/12 and 1/26/12. The data have been validated by the  
Laboratory. The report is identified as Project #1201028.

We will continue to provide updated reports based on each new sample  
receipt. A final report will be sent upon completion of the project.

Please let me know if you have any questions.
